**Subject:** Feb. 24 public meeting

*Hi Andy and Sarah,*

*As of Friday, Shelly was thinking of calling off the public meeting on February 24 since there isn't any new information to share with the residents at this time. I'll let you know when we are going to re-schedule the meeting.*

*I think we are going to meet with Shelly and another on-scene coordinator who is taking over Brian's job in Chicago the week of the 7<sup>th</sup>. His name is Paul Atkociunas, but I think Shelly will still be the lead on this project since she is local. We're hoping to discuss the finalized hydrogeo report from EPA's contractor during the meeting.*

*If I have any more updates, I'll let you know as I hear from EPA.*

*Thanks,*

*Erin Brittain*

*Voluntary Remediation Program Project Manager*
